ALL GOODS ARE SOLD UNDER THE FOLLOWING GENERAL TERMS:

1. Prices of all our offers are quoted net and subject to market fluctuations.
2. All goods are sold f.o.b. Warehouses, Holland, or Orting, Washington, U. S. A., and travel at purchaser's risk and expense.
3. Unless contrary orders are given, insurance will be provided for at purchaser's cost.
4. Cases and packing *together* with freight, forwarding and insurance charges will be collected on delivery.
5. All accounts are strictly due three months after date of invoice; 3 per cent for cash is allowed for payments within 30 days after date of invoice.
6. Complaints and claims cannot be entertained, unless made *immediately upon receipt* of same. Should bulbs become damaged, heated or their value be impaired in any way, claims must be made *at once*. Such claims must be accompanied by Lloyd's Agent, giving full particulars.
7. Van Zonneveld Brothers, Inc., give no warranty, expressed or implied, as to the description or productiveness of any bulbs and roots offered, and will in no way be responsible for the results of planting or forcing of any bulbs and roots they send out; they guarantee all varieties to be true to name.
8. If at the time of shipment the purchaser has not yet settled all his last year's accounts for bulbs, or if there is a shortage or failure of crop, we shall be entitled to cancel, partly or all arrangements for transactions not executed.
9. Cancellations of orders or part of same will only be accepted when buyer agrees to pay sellers their loss of profit, in no case less than 20 per cent of the amount canceled; alterations may be allowed if both parties agree.
10. Verbal agreements will not be considered.
11. By placing orders, buyers are considered to agree with these terms.

American Grown Daffodils.

We take pleasure in offering a list of new as well as commercial varieties of Narcissus. The bulbs are grown at our own nurseries at *Orting, Wash.*, in the *Puget Sound region*. We are convinced that this part of the United States is ideal for growing Narcissi, both as to soil and climate.

The Narcissus industry in the United States, being in its infancy, and having all necessary factors in our favor, we are striving to build up a high reputation with our *Puget Sound Grown Narcissi*. We guarantee them to be of the highest quality, and true to name.

During the past decade, or ever since an embargo on Holland-grown Narcissus bulbs loomed up as an eminent possibility, we have traveled up and down and across this continent in search of the American Daffodil Eldorado. We found it! Here at Orting, we have an alluvial soil so deep that for generations its fertility is going to be unimpaired. It's virgin, as far as bulb culture is concerned, hence free of factors that might prove detrimental to the health of the crop. With specially designed machinery operated by skilled workmen, with nature cooperating through sunshine, moisture and a temperate climate, we challenge the world to show a finer product of Daffodil bulbs than those grown by us.

Knowing that the Narcissi we grow, produce a high percentage of large and substantial flowers, we will be pleased to book your order for your requirements.

1. All Narcissi are sold f.o.b. Warehouse, Orting, Wash., and travel at purchaser's risk and expense.
2. Making carlot shipments, we prefer to sell freight paid Chicago or New York at prices quoted below. While for f.o.b. Warehouse, Orting, Wash., \$ 5.00 per 1000 may be deducted.

FIRST COME—FIRST SERVED

General Line of Dutch Bulbs

On our own farms in Sassenheim, Holland, we produce, each year, generous quantities of the finest Holland affords in Tulips, Hyaciths, Narcissi, Crocuses, etc. In the following pages we offer a very condensed list of the leading commercial varieties, suitable for forcing. But there are many others which we grow, and if you should be accustomed to grow varieties not listed in these pages, we would be grateful to you if you would give us an opportunity to bid on your requirements.

Back of us are several generations of experience in the production of clean, healthy stock, in sizes sure to satisfy, and bringing you gratifying results as far as flowers are concerned, that will bring you top prices on the market. Those of you who have grown our bulbs in the past need no reassurance that we shall continue to try our utmost to produce and deliver to you such bulbs as will spell profit to you in dollars and cents.
